Hi Richard

I fully support your nomination. The service, ongoing communication through this difficult time has been excellent. My brother, Rod Hamilton also supports this nomination. He has recently been here from the UK on 2 occasions, one in March and the second in May/June and the support he has been given from all staff and management even when in lock down was excellent.

Thank you for preparing this letter to the committee and we wish you every success with the nomination.

Hi Richard

Thanks very much for taking the time and effort to write your nomination. KIN always goes 'above and beyond '.

What I particularly thought was fantastic about the lock down period, was the fact that KIN managed to employ additional staff to provide extra one on one time in resident's rooms. Different residents had happy hour, spa sessions, games and mum planted seeds in a brand new pot. These seeds are now thriving little plants living on her window ledge. VERY impressed with the individual care given to mum and the fact that when I visit it feels like a second home. Love the kindness and care given by staff.

Please add my name to your list.

Kind regards

Tracey Kleinhanss

Dear Richard  
The Tsolakis family (Irene's children), fully support KIN being nominated for the ACSA award. Jennie and her team deserve top accolades for their response to the Covid outbreak. Putting all the necessary processes in place in order to keep all stakeholders safe and informed, and the compassion and consideration shown towards individual requests was impressive and comforting. We are so appreciative of all that was done by the KIN administration and staff.
